

Confederation of Indian Industry

# CII Cloud Summit <sup>4<sup>th</sup> edition</sup>

**"Next-Gen Cloud: Powering AI Innovations"**

Friday, 14 June'24 : Le Meridien, New Delhi

[www.cii-cloud.com](http://www.cii-cloud.com)

## Programme

**1000 - 1100 hrs**

### **Inaugural Session: "Next-Gen Cloud: Powering AI Innovations"**

Discover the cutting-edge realm of Next-Gen Cloud, where the fusion of cloud computing and AI propels innovation to unprecedented heights. Explore how this symbiotic relationship revolutionizes industries, unleashing the potential of AI-driven solutions. From seamless scalability to enhanced performance, delve into the transformative power of Next-Gen Cloud in fueling AI advancements. Experience a new era of efficiency and creativity as organizations harness this dynamic duo to shape the future of technology and beyond.

1100 hrs

Inaugural Session Concludes

**1100 – 1200 hrs**

### **Panel Discussion I: "The Future of Data Center Design: Integrating AI for Scalability and Flexibility"**

The future of data center design hinges on the seamless integration of artificial intelligence (AI) to enhance scalability and flexibility. AI algorithms optimize resource allocation, predict maintenance needs, and dynamically adjust infrastructure configurations, maximizing efficiency and reducing operational costs. By harnessing AI-driven insights, data centers can adapt swiftly to evolving demands, ensuring seamless performance, and enabling organizations to stay ahead in the rapidly evolving digital landscape.

1200 hrs

Close

1200 – 1215 hrs

Tea / Coffee Break

**1215 – 1315 hrs**

### **Panel Discussion II: "AI-Powered Cloud Services: Transforming Industries and Business Models"**

Embark on a journey through the transformative landscape of AI-Powered Cloud Services, reshaping industries and redefining business paradigms. Witness the convergence of artificial intelligence and cloud computing, catalyzing unprecedented innovation and efficiency. Explore how these synergistic forces drive competitive advantage, optimize operations, and unlock new revenue streams. Experience the evolution of industries as AI revolutionizes decision-making and customer experiences, setting new standards for success in the digital age.

1315 hrs

Session concludes

Confederation of Indian Industry

# CII Cloud Summit <sup>4<sup>th</sup> edition</sup>

"Next-Gen Cloud: Powering AI Innovations"

Friday, 14 June'24 : Le Meridien, New Delhi

## Programme

**1315 – 1415 hrs**

### **Panel Discussion III: "Hybrid Cloud and Multi-Cloud Architectures: Optimizing AI Workloads"**

Unlock the synergies of Hybrid Cloud and Multi-Cloud Architectures, revolutionizing the landscape of AI workloads optimization. Delve into the dynamic strategies that seamlessly integrate diverse cloud environments, maximizing flexibility, scalability, and efficiency for AI applications. Explore how this innovative approach empowers organizations to adapt and thrive in a rapidly evolving digital ecosystem. Experience the convergence of agility and performance as Hybrid and Multi-Cloud Architectures redefine the boundaries of AI innovation.
